The above applicant is hereby granted permission to perform said work with the following exceptions/conditions:

To be filled out by property owner/contractor:

- Public Water Line:** The water line at the point of tie-in is owned by the Town. This permit constitutes a grant of permission to tie-in to public property, as well as approval of the design and construction of the proposed work.
- Private Water Line:** The water line at the point of tie-in is not owned by the Town. The applicant hereby represents to the Town that he has permission from the owner(s) to perform the proposed work. (The Town does not have the authority to grant the applicant permission to tie-in to private property.) This permit constitutes approval only of the design and construction of the proposed work.
