Background Information

The Town of Fairhaven last conducted an ADA Self Evaluation and Transition Plan in 1994. Since that time, several new Town-owned buildings have come online and others have been substantially renovated. The Town owns 15 facilities comprising approximately 400,000 square feet of space.

The Town has an active Commission on Disability that serves the Town in an advisory capacity, to identify the needs of the community under the ADA Civil Rights Law, and to monitor initiatives generated by the Committee to see that results are achieved. The Commission works to bring accessibility to both Town-owned and private facilities and consists of nine Commissioners, all volunteers appointed by the Select Board. State law mandates that the majority of Commissioners have a disability.

The Town also has an appointed ADA Coordinator – the Town’s Administrator – as well as a Facilities Director and Commission on Disability Staff Liaison. All will be actively engaged in overseeing this project and helping to carry out action items that result from its final product.

The Town of Fairhaven is in need of a consultant to prepare a Self-Evaluation and Transition Plan that wholly complies with the requirements of the Americans with Disabilities Act of 1990 (ADA), including modifications made by the ADA amendments of 2008 and up to current day. The Town of Fairhaven intends to enter into a contract for professional services with an experienced and qualified consultant to provide these services.

24. Risk of Loss

The Contractor shall bear the risk of loss for any Contractor materials used for this Contract and for all deliveries, and personal or other data which is in the possession of the Contractor or used by the Contractor in the performance of this Contract until possession, ownership and full legal title to the deliverables are transferred to and accepted by the Town.
