### Public Comment:

FEA President, Melissa Duarte thanked the Committee for their dedication to the students, educators, and school communities during the challenging budget season. She stated that the union members understand budgeting for a School District is complex and appreciates the time and effort the Committee has put into it. She read a quote, "Teaching is like gardening because success depends less on the seeds and more on creating the right conditions." Mrs. Duarte continued to inform the Committee of the needs of the teachers in the District so they can continue to provide a safe and inclusive space where every child has the opportunity to succeed. Stating, Fairhaven teachers and staff work tirelessly to keep Fairhaven schools among the best, but noted they are the least paid in the South Coast, which results in challenges with recruiting and retaining talented teachers. The Committee thanked the FEA Unit A teachers for being there and let them know they are supported, appreciated, and acknowledged they do a lot with a little. Mr. Monroe stated the Committee needs their support at the Town Meeting in May to help get the budget they need.

### Reports and Recommendations of the Superintendent:

### NEASC Update:

Superintendent Kohler announced the exciting news that the Fairhaven Public School District (FPSD) has received District accreditation from the New England Association of Schools and Colleges (NEASC). FPSD is the first District in the Commonwealth to be a fully accredited District. Assistant Superintendent Balestracci then presented the Committee highlights of the Commendations and Recommendations given to the District by NEASC (attachment A).

### Budget & Federal Grants Update:

Superintendent Kohler stated she was in meetings all day regarding budget, the future of the Town, and the future of the Town Administrator and the entire message she shared was respect and fund education, stating they are part of the same team whether talking about a shed or the school budget. She stated we are wasting unnecessary money fighting with each other using the example of what would have been a \$1,200,000 million dollar project and got it down to \$300,000, and now it is probably twice that in legal fees, which she takes offense to. She shared this sentiment with the people searching for the new Town Administrator and noted that

there are alot of great department leads in this Town and alot of people are frustrated. She believes the value statement should be that we care about education and that is first and foremost, understanding there are other resources and hard decisions will have to be made about cuts. She stated she will also continue to look inward, as they always start with a zero based budget and are responsible with it. Superintendent Kohler then presented the most recent budget information to the Committee (attachment B), touching upon enrollment, Chapter 70 funding, Per Pupil Spending, Net School spending (NSS) requirements and compliance. She added to the presentation the prediction of the reduction in Federal Funding that will affect Title I as well as SPED IDEA, and that we already lost a food service grant for \$21,000. Superintendent Kohler showed the Committee we are one of the lowest Districts in the Commonwealth in regards to NSS as well as Per Pupil Spending. She reiterated our FY26 NSS requirement is \$25,777,688, the Town placeholder as of now is FY26 Town Placeholder: \$25,256,166 which is \$521,522 below Net School Spending. The Committee continued to discuss possibilities of cuts and possible solutions.

### Receive Meal Charge Policy EFC for the First Read:

Assistant Superintendent Balestracci presented the Meal Charge Policy to the Committee for the first read. This will be added to the next agenda for discussion and vote to be accepted.

### Receive Update on Phase I FHS Project Timeline:

School Business Manager Nicole Potter reminded the Committee of the bidding timeline and construction schedule presented by RTA back in February (attachment C), and then informed the Committee the general bid deadline had to be pushed out two weeks in order to clarify some questions that came forward.

### Discuss School Building Feasibility Study:

Superintendent Kohler updated the Committee that they will be working on bringing all the feasibility studies from the different schools together in order to understand what they need and what to get ahead, having a five year plan of projected costs.

### **Upcoming Events:**

Next School Committee meeting will be held March 26, 2025.

Mr. Monroe expressed his frustration with the Town and asked for help and support of the teachers union.

Mrs. Pickup addressed the FEA Unit A members, telling them the lines of communication to the Committee are open. Superintendent Kohler asked, and Mr. Monroe reiterated, for the members to follow the chain of command if in need of something.

A motion to adjourn and go into Executive Session to discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigation position of the public body and the chair so declares made by Mr. Andersen, seconded by Mrs. Pacheco, roll call vote, approved unanimously, (5-0),
