RE: 5 golf St. Map 28A lots 218,219,220,221 and plans provided lots A and B

Please be advised, I have researched the above mentioned lots and have found the following.

- 1. The existing house sits on lot 219 which has been held with lots 218, 220, and 221 separately since 1920.*
- 2. The lots origination was in 1919 and had no minimum lot sizes and frontage requirements at that time.*
- 3. I do find that technically the property owner could separate each end lots as having a minimum of 50 foot frontage and at least 5000sq feet. Yet having two larger lots by moving said property line. I feel would better keep with the existing neighborhood.*

In accordance with MGL 40A-6

- 4. Any increase in area, frontage, width, yard, or depth requirements of a zoning ordinance or by-law shall not apply to a lot for single and two-family residential use which at the time of recording or endorsement, whichever occurs sooner was not held in common ownership with any adjoining land, conformed to then existing requirements and had less than the proposed requirement but at least five thousand square feet of area and fifty feet of frontage. Any increase in area, frontage, width, yard or depth requirement of a zoning ordinance or by-law shall not apply for a period of five years from its effective date or for five years after January first, nineteen hundred and seventy-six, whichever is later, to a lot for single and two family residential use, provided the plan for such lot was recorded or endorsed and such lot was held in common ownership with any adjoining land and conformed to the existing zoning requirements as of January first, nineteen hundred and seventy-six, and had less area, frontage, width, yard or depth requirements than the newly effective zoning requirements but contained **at least seven thousand five hundred square feet of area and seventy-five feet of frontage**, and provided that said five year period does not commence prior to January first, nineteen hundred and seventy-six, and provided further that the provisions of this sentence shall not apply to more than three of such adjoining lots held in common ownership. The provisions of this paragraph shall not be construed to prohibit a lot being built upon, if at the time of the building, building upon such lot is not prohibited by the zoning ordinances or by-laws in effect in a city or town.**

5. I find that the mentioned property to be buildable. The lots will have at least the 7500 square feet and the 75 foot frontage required by this bylaw. This would allow for separation of said lots.
6. I would consider this less detrimental and in conforming to the existing neighborhood.
7. **Please apply to planning board for an ANR for the new separate lots.**

An appeal to the Zoning Board of Appeals may be taken by any person aggrieved by reason of his/her inability to obtain a permit or enforcement action from the Fairhaven Building Commissioner for reasons in violation of the provisions of Chapter 40A or this Chapter 198, Zoning, as provided under MGL c.40A, § 8.
