1. Chairman's Welcome and Media Notification

2. Mission statement

Conservation by definition is the careful maintenance and upkeep of our natural resources to prevent them from disappearing. A natural resource being the physical supply of something that exists in nature, such as soil, water, air, plant and animal. Any perceived or plausible endangerments to these areas and sites shall fall before The Conservation Commission under the laws of Fairhaven and The State. We as a committee will strive to make mindful and educated decisions with the assistance of our appointed conservation agents.
