Questions, Comments, Concerns

Dear Select Board Member,
My name is Sean Desmarais, and I am a resident in Fairhaven. I have come to talk to you about Livsey Skate Park. I would like to address the fact that the skate park's pavement was redone a few years ago, but it was never fully completed with ramps and such other obstacles. I think you should care about this issue because the skate park can bring the town together and have many people having something fun to do. I have found out that many people would like to have a better skate park so they're not bored. There is also plenty of room to add more stuff. I believe that the town should solve this problem because it could be a fun and cool spot for our town to have fun and bring people together.
I hope the select board will solve this problem about the skate park. Thank you for taking the time to look into this.
Sincerely, Sean Desmarais
